

# HEALTH, SAFETY & ENVIRONMENT (HSE) POLICY STATEMENT

As a responsible corporate citizen, AHAVA Energy Services Limited while registering its presence in different parts of the world conducts our operations in a manner that recognizes Environmental protection as one of the key elements of an efficient Company management.

The Safety and Health of our workforce and our Environment Stewardship are just as important to our success as Operational and Financial Performance. AESL manages its exposure to risk, maintaining it at the lowest possible level, aiming to mitigate consequences of unforeseen accidents in the fields in which the Company performs its business activities.

We strive to make our facilities safer and better. Our attention to detail and focus on HSE will ensure high standards of performance in our workplaces.

We are committed to a process of continuous improvement in all we do and to the adoption of international industry standards and codes wherever practical.

Our efforts in the areas of HSE will be directed by the following principles:

- ❑ Accident Prevention: We will strive to make our workplaces free of injuries and accidents with 100% safe work practices and safe conditions throughout our operations.
- ❑ Risk Assessment: Effective management of risk is fundamental to achieving safe operations. We will systematically identify potential hazards, assess their relative significance, and develop reduction measures and establish suitable controls to ensure that risks are minimized.
- ❑ Emergency Preparedness: Being properly prepared for an emergency is of vital importance and is the responsibility of management, supervisors, and employees at all levels. We will maintain emergency plans in cooperation with local authorities and emergency services groups to ensure a prompt, effective and integrated response to minimize harmful effects from any incidents.
- ❑ Contractor Performance: We recognize that our contractors are essential to achieving our HSE goals. We will require our contractors to work closely with us to promote an excellent standard of HSE compliance and performance and to conform to the Company's policies.
